Honeycomb Class News

Dear Parents

I am writing to let you know that Mrs Dunn has decided to retire from teaching at the end of the Autumn term. She has been in education throughout her career and has spent the last 10 years here at Ropley CE Primary School.

We have benefitted from her years of experience, knowledge and passion for education. She will be missed here at Ropley but we wish her all the very best in her upcoming retirement.

I am currently beginning the process to find an experienced part time teacher to teach in Honeycomb class alongside Mrs Morgan who, as you know, is already in post.

When I have secured a teacher for this post I will let you know and there will be an opportunity to meet them before they take up the post in January 2020.

Yours sincerely

Miss S Vittle

Headteacher
