

Bumblebee Class Newsletter

Monday 2nd – Friday 6th February 2026

Dear Parents,

Maths

In our Mastering Number lessons, we have been exploring more than and less than than within ten. We have played several games which have provided us the opportunity to practise using the above language when comparing numbers. For example, “five is **one more than** four” or “three is **less than** five because it is a smaller number.”

English

The set two sounds we have learned this week are:

<p>oo</p> <p>poo at the zoo</p>	<p>oo</p> <p>look at a book</p>	<p>ar</p> <p>start the car</p>
--	--	---------------------------------------

I have put some set two sound practice sheets in your child’s book bag so you can support your child with recognising these ‘special friend’ sounds.

Drawing Club

Our story this week has been ‘Little Red Riding Hood’. I am so proud of our Bumblebee children, as all of them are making great progress with their reading and their writing skills. They are applying their phonics knowledge when writing short words and sentences with greater independence. Amazing learning Bumblebees – well done!

Beekeeper Buddies

On Wednesday morning, we met up with our Beekeeper buddies on the playground and we had a choice of games to play.

- Chasing Nemo on the top court,
- What’s the Time Mr. Wolf,
- Stuck in the Mud,
- Throwing and catching game.

As always, all the children had a great time together.

Key dates for next week

Monday 9th February 2026

- Outdoor Learning
- Library day
- Reading tasks will be changed

Tuesday 10th January 2026

- PE with Miss Fisher-Smith.

Have a lovely weekend.

Kind regards,

Miss Fisher-Smith
Bumblebee Class Teacher
